Ninth Delta Plan Interagency Implementation Committee meeting

This meeting will take place Monday, April 16, 1:00 p.m. to 4:30 p.m., at the Tsakopoulos Library Galleria (828 I Street, Sacramento, CA 95814). The Delta Plan Interagency Implementation Committee (DPIIC) facilitates [Delta Plan](#) implementation through increased coordination and integration of shared national, statewide, and local goals for the Delta. Maintaining focus on the intersection of Delta Plan and [California Water Action Plan](#) implementation, the meetings highlight progress in achieving the coequal goals through four key elements: water supply reliability, Delta ecosystem health and restoration, Delta as a Place, and best available science in support of "One Delta, One Science." To access the meeting agenda, please click [here](#). To learn more about DPIIC, please click [here](#).

SFEI hosts discussion on Petaluma River Watershed report

On April 17, come learn about an exciting report recently completed by the San Francisco Estuary Institute (SFEI) and Sonoma Resource Conservation District on the historical ecology of the Petaluma River watershed. SFEI will highlight interesting details about the history of this unique watershed and share insights about how historical data can be used to improve future management and conservation decisions. Anyone interested in learning more about the past, present, and future of the Petaluma River is encouraged to attend. Click [here](#) for more information.
