

Jobs, They Help All of Us! WORKSHOP SERIES 2011

Workshop 3: Dredging/LTMS and Nutrients: What are the Implications for the Bay's Future

Wednesday, November 30, 2011 8:00 a.m.—12:00 p.m.
URS Corporation, 1333 Broadway, Suite 800, Oakland, CA

Workshop Goals

1. Explore the tools available today, as well as those still needed, to address the issues related to dredging costs, disposal and reuse options.
2. Build on previous outreach provided by resource agencies to continue the dialogue between the regulatory community and the dredging stakeholders to achieve common and collective goals.
3. Understand the evolving challenges of nutrient management in the SF Bay and the developing strategy going forward.

Setting the Stage: Welcome and Overview (8:00 a.m. — 8:05 a.m.)

- **Bill Butler, Consultant**

Panel #1 – Bay Area Dredging: Addressing the Effects of Changing Regulations (8:05 a.m.— 9:05 a.m.)
