Bay Planning Coalition

MEMBERSHIP BROCHURE

LEADING POLICY ADVOCACY AND CONSENSUS BUILDING ON ISSUES FACING THE SAN FRANCISCO BAY

ABOUT BPC

Founded in 1983, Bay Planning Coalition is a nonprofit membership organization bringing together public agencies, businesses, nonprofits, and regional stakeholders working across the San Francisco Bay and its connected watershed. BPC provides a unified voice for practical policies and solutions that support the Bay Area's infrastructure, natural resources, waterfront economy, and resilient communities.

Our Mission

Advance policies and solutions for a stronger San Francisco Bay through leadership, advocacy, and cross-sector collaboration.

Our Vision

We envision a Bay Area where aligned policies and coordinated action deliver a thriving waterfront economy, healthy environment, and resilient communities.

Our Strategic Goals

1. **Advance efficient permitting and regulatory reform to support economic development and environmental resilience in and around the Bay.**
2. **Support shoreline resilience planning and projects at the local level, while advancing regional solutions for their implementation.**
3. **Strengthen BPC's role as a visible and effective advocate for policy and funding at all levels of government to improve water resources management, dredging and beneficial reuse of sediment, resilient infrastructure, and multiple beneficial uses of the Bay and shoreline.**

EVENTS & PROGRAMMING

BPC brings together members, policymakers, agency leaders, and regional partners through programs focused on the issues shaping the San Francisco Bay Area. Our events provide opportunities to stay informed, build relationships, and engage directly with decision-makers.

Signature Events

Spring Summit

BPC's Spring Summit convenes regional leaders for a full-day program focused on the major issues shaping the Bay Area's economy, infrastructure, and waterfront.

Annual Luncheon

BPC's Annual Luncheon brings members and stakeholders together for a year-end program reflecting on key developments and the priorities ahead.

Workshops, Briefings & Roundtables

BPC's workshops, briefings, and leadership roundtables give members a closer look at emerging issues while creating opportunities for direct discussion with experts, agency leaders, and regional partners.

Dredging & Beneficial Reuse Workshop

Annual workshop on dredging, sediment management, and related policy developments.

CEQA & Environmental Regulations Workshop

Updates on CEQA, regulations, and legal developments affecting projects across California.

Implementing Resilience Briefing Series

Highlights strategies, tools, and funding approaches for implementing climate resilience projects.

JOIN THE COALITION

BPC membership connects your organization to the people and policy discussions shaping the San Francisco Bay Area. Members help guide BPC's advocacy while gaining timely insight and stronger relationships across the region. Committees, events, and other member forums provide ongoing opportunities to engage on the issues most relevant to your organization.

MEMBERSHIP VALUE

A stronger voice and an opportunity to influence policy outcomes.

A Stronger Voice Through Advocacy

BPC brings together organizations with shared interests in efficient government processes, resilient infrastructure, environmental sustainability, and economic opportunity.

Direct Access to Decision-Makers

Members engage directly with regulatory agencies, elected officials, policymakers, and regional leaders through BPC committees, workshops, roundtables, and other programs.

Membership Keeps You Connected

Early Insight

Stay informed on legislative, regulatory, funding, and policy developments that may affect your organization.

Influence Outcomes

Help identify challenges, develop solutions, and inform BPC positions before key decisions are made.

Leadership & Visibility

Demonstrate your organization's commitment to the Bay Area while gaining recognition through BPC programs and communications.

OUR COMMITTEES

BPC membership connects your organization to the people and policy discussions shaping the San Francisco Bay Area. Members help guide BPC's advocacy while gaining timely insight and stronger relationships across the region. Committees, events, and other member forums provide ongoing opportunities to engage on the issues most relevant to your organization.

COMMITTEE MEETINGS

Most committees meet quarterly, with additional meetings based on policy and advocacy needs.

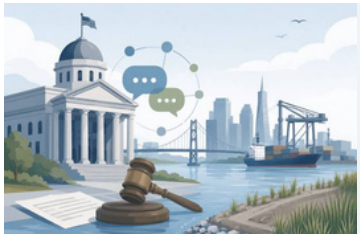

Dredging & Beneficial Reuse Committee

The Dredging & Beneficial Reuse Committee promotes reliable dredging of the Bay Area's waterways and advances the beneficial reuse of sediment. Its work brings together permitting, policy, and regional science to support efficient dredging operations and project delivery.

Efficient Permitting Committee

The Efficient Permitting Committee focuses on practical reforms that make environmental review and permitting more effective while maintaining necessary environmental protections. Its work promotes interagency coordination, a predictable regulatory environment, and the timely delivery of infrastructure and resilience projects.

Government Affairs Committee

The Government Affairs Committee guides BPC's engagement on regional policy developments. Its work helps members understand emerging issues, shape BPC's advocacy positions, and engage with elected officials and agencies.

Resilient Shorelines Committee

The Resilient Shorelines Committee supports policies and partnerships that strengthen the Bay Area's shorelines, infrastructure, and communities. Its work centers on local and regional planning to advance climate adaptation and resilient transportation along the waterfront.

Water Resources Committee

The Water Resources Committee focuses on policies, infrastructure, and planning efforts that strengthen water reliability and resilience across the Bay Area. Its work connects water supply, water quality, and watershed management with climate adaptation and long-term resource needs.
