

## Delta Independent Science Board teleconference meeting is April 13

The [Delta Independent Science Board](#) (Delta ISB) will conduct a teleconference meeting April 13 in Sacramento. The Delta ISB will take an action on the *Delta as an Evolving Place* final draft, discuss its review comments on the EcoRestore Adaptive Management Program white paper and on the California WaterFix Final Environmental Impact Report/Statement, and initiate a review of the Draft 2017-2021 Science Action Agenda. Public meeting notice, which includes the agenda, time, location, and public access information, is [here](#).

## DPC feasibility study subcommittee will meet April 17

The [Delta Protection Commission](#) (DPC) Subcommittee on Delta Flood Risk Management Assessment District Feasibility Study will meet April 17 in Sacramento. Agenda, time, and location are [here](#).

Also, the DPC is accepting applications for positions on its [Delta Protection Advisory Committee](#). The 15-member committee is made of volunteers who are appointed to three-year terms. They represent a variety of interests in the Delta. The application is on the Advisory Committee [link](#) and the deadline is April 21.

## CVRWQCB posts April 2017 Executive Officer's Report

The Central Valley Regional Water Quality Control Board (CVRWQCB) has posted the April 2017 [Executive Officer's Report](#). The report is part of the CVRWQCB April meeting agenda and is sent to the Board members before each CVRWQCB meeting, which occurs at least six times per calendar year. The report describes CVRWQCB involvement in many Delta issues.

## DWR releases revised draft of the San Joaquin River Basin-wide Feasibility Study

DWR's Flood Planning Office has released a revised draft of the [San Joaquin River Basin-wide Feasibility Study](#). More information about the study is [here](#).

## Science Enterprise Workshop proceedings report is now available online

The [Science Enterprise Workshop](#), co-hosted by the U.S. Geological Survey and the Delta Stewardship Council (Council), was held November 1–2 at University of California, Davis. The workshop brought together scientists and science-policy experts from across the country to share information about how collaborative science is funded, managed, and communicated in several high-profile and complex ecosystems. The proceedings report, titled [The Science Enterprise Workshop: Supporting and Implementing Collaborative Science](#), is now available online.

Also, the Council has posted [The Delta on Fast Forward. Thinking Beyond the Next Crisis](#). The report is about using current science in the long-range planning and management of the Delta.

## MWD Special Committee on Bay-Delta March meeting agenda, materials, and recorded video are posted

The Metropolitan Water District of Southern California's (MWD's) Special Committee on Bay-Delta has posted the agenda, meeting materials, and recorded video of the [March 28 meeting](#).
