

## MWD Special Committee on Bay-Delta posts June 27 meeting agenda and meeting materials

The Metropolitan Water District of Southern California's (MWD's) Special Committee on Bay-Delta has posted the agenda and meeting materials for the [June 27 meeting](#).

## DWR and Reclamation will conduct public workshop on Yolo Bypass Salmonid Habitat Restoration and Fish Passage Project

DWR and U.S. Bureau of Reclamation (Reclamation) will conduct a public workshop on the Yolo Bypass Salmonid Habitat Restoration and Fish Passage Project June 29 in Davis. The workshop will share information, answer questions, and get input from interested stakeholders on alternatives. More information is [here](#).

## Public input is requested on *A User's Guide to Delta Restoration* at workshop

The Water Education Foundation, Sacramento-San Joaquin Delta Conservancy, Delta Stewardship Council's Delta Science Program, and San Francisco Estuary Institute will conduct a public workshop July 25 in West Sacramento, titled [Test-Run — A User's Guide to Delta Restoration](#). Participants will test-run and provide feedback on this user's guide for integrating the technical findings of the Delta Landscapes Project by the Delta community. This publication is part of the [Delta Landscapes Project](#). [Registration](#) is free, but seating is limited.

## Delta conveyance is part of ACWA-commissioned study that examines water supply system

The Association of California Water Agencies (ACWA) has posted a [technical study](#) it commissioned to examine how California's water supply system could operate more flexibly and effectively with the addition and integrated operation of new storage capacity. The study should generate discussion of a new approach to water storage integration as the California Water Commission conducts its public process to allocate \$2.7 billion from Proposition 1 to help fund water storage projects. Delta conveyance is mentioned often in the study. More information is [here](#).

## Save the date — 2017 Delta Invasive Species Symposium is August 29

The [Delta Inter-agency Invasive Species Coordination Team](#), the Delta Stewardship Council's [Delta Science Program](#), and the [University of California, Davis](#), will conduct the [2017 Delta Invasive Species Symposium August 29](#) in Davis. Presentations will explore tools and actions being developed to meet today's management needs to stop invasive species as well as to prepare for future challenges. [Registration](#) is now open.
