LEADING POLICY ADVOCACY AND CONSENSUS BUILDING ON  
ISSUES FACING THE SAN FRANCISCO BAY

Founded in 1983, the Bay Planning Coalition is a non-profit, membership-based organization representing a broad spectrum of public and private entities collectively advocating for strong economic growth and environmental sustainability of the region. We work to navigate through the overlapping regulatory jurisdictions that touch the Bay to support sustainable growth, and we influence the development of sound regional policy and planning to build a more vibrant Bay Area.

## ABOUT

### Our Mission

A broad coalition providing expert advocacy and facilitation to advance the industries and infrastructure that support a strong regional economy and resilient environment within the San Francisco Bay and waterfront.

### Our Strategic Goals

1. Proactively influence and shape regional plans, policies, and legislation.
2. Maximize allocation of federal and state funding for climate change adaptation & infrastructure in the Bay Area.
3. Advocate and facilitate an efficient, coordinated, and timely regulatory development and permitting process.

### Events

BPC provides a strong space to network, learn about industry developments, promote regional sustainability, & utilize the advocacy potential of our Coalition.

#### Sample of Events:

- Annual Spring Summit on adaptation
- Annual Energy & Water Nexus: Review of Water Resources
- Annual Dredging & Beneficial Reuse Workshop
- CEQA & Environmental Regulations Update
- Regional Agency Roundtable (featuring BCDC, BAAQMD, USACE, MTC/ABAG, & SFRWQCB)

## MEMBERSHIP

**Learn more about the benefits of BPC membership benefits below.**

### Overview

Today the San Francisco Bay Area is grappling with the severe impacts of climate change, unprecedented gridlock on our highways and transit systems, and a regional housing crisis which are collectively threatening both our economic vitality and quality of life. These extraordinary challenges present a new opportunity for Bay Planning Coalition to play a critical role in how we plan for the future to ensure continued economic growth that also protects the environmental sustainability of the region. Join us to help influence the future of the San Francisco Bay and its watershed.

Bay Planning Coalition is a leader in building consensus on the critical issues facing the San Francisco Bay and surrounding region. We provide expert facilitation to advance fair and reasonable regulation, and we advocate on behalf of our members on a wide range of policy issues related to climate resilience, transportation, air quality, regulatory compliance, and land use planning.

BPC members are part of a robust network of stakeholders in helping to shape the Bay's economic future. The many policy events we host throughout the year provide excellent opportunities to engage directly with policymakers and network with other leaders around the region.

# BPC COMMITTEES: POLICY AGENDA

*Meetings are held at a minimum of once per quarter. Due to the active nature of our members, most committees meet more frequently.*

---

## Air Quality Committee

- Influence the development of pragmatic air quality regulations that build resilience and support for continued economic growth in the Bay Area.
- Advocate for funding to support emission reduction investments at Bay Area ports, refineries, and other opportunities.
- Support for practical, consistent, and predictable regulation of clean energy projects, especially those that provide prompt incremental improvements.

## Dredging & Beneficial Reuse Committee

- Support permitting reforms and the regular dredging of critical waterways.
- Advocate for State and Federal funding by educating legislators on the importance of the region's dredging for the movement of goods and people to the state economy.
- Champion the beneficial use of dredged sediment for shoreline resiliency projects.
- Direct funds for dredge-related science through the SFEI Regional Monitoring Program.

## Government Affairs Committee

- Support legislation that advances economic growth and environmental protects in the San Francisco Bay Area region.
- Utilize BPC's advocacy potential to promote positive outcomes for policies of concern.
- Develop a strong committee membership of varying interests to provide well-informed information.

## Resilient Shorelines Committee

- Advocate for new funding and regional collaboration to plan, fund, and implement climate adaptation projects in the Bay Area.
- Improve the transparency and efficiency of permitting shoreline projects through coordinated regulations.
- Identify projects representative of strong adaptation to influence the development of coordinated resiliency processes.

## Resilient Transportation Committee

- Promote the expansion of water transit services and terminals.
- Support resilient transportation infrastructure to expand the movement of people and goods.
- Advocate for projects that improve the region's existing transportation routes and expand access to additional communities around the San Francisco Bay.

## Water Resources Committee

- Educate BPC members and the public on the critical economic impacts of drought, water security, and energy supply issues, to ensure the sustainable use and management of nexus resources.
- Support funding for the resilience adaptation of water and energy conveyance infrastructure, wastewater treatment, conservation practices, and increased storage.
- Advocate for new policies and regulatory solutions to ensure a resilient water and energy supply.
