TO: Candidates for Executive Director, San Francisco Bay Conservation and Development Commission (BCDC)

FROM: R. Zachary Wasserman, Chair (510/834-6600 zwasserman@wendel.com)

SUBJECT: BCDC Executive Director Search Process

The San Francisco Bay Conservation and Development Commission (BCDC) is looking for a new Executive Director. We encourage applications from all candidates who meet the qualifications and are looking for an exciting challenge. If you are interested, please apply. If you know of someone who might be interested, please pass along this application package or link to the information from BCDC's website – www.bcdc.ca.gov.

We believe BCDC faces very important policy issues regarding the effects of rising sea level, the impacts on the Bay from changes in the Delta, as well as increasing participation in regional coordination through the Joint Policy Committee.

We are seeking a knowledgeable, committed and passionate leader to work with the Commission in addressing these issues.

Please note that to be considered for this position, interested candidates should apply by **Friday, May 4, 2012**.

If you have questions, please contact Melanie Wong at (415) 904-5433 or mwong@coastal.ca.gov

Making San Francisco Bay Better

SAN FRANCISCO BAY
CONSERVATION AND DEVELOPMENT COMMISSION

EXECUTIVE DIRECTOR RECRUITMENT

UNIQUE OPPORTUNITY

The San Francisco Bay Conservation and Development Commission (BCDC) is seeking a dynamic, professional Executive Director to provide vision and leadership to an evolving and forward-thinking Commission. We are looking for someone who not only possesses the appropriate background, but also someone who is passionate about the San Francisco Bay and about balancing environmental protection and public access with appropriate shoreline development. BCDC is dedicated to the protection and enhancement of the San Francisco Bay and to the encouragement of the Bay's responsible use.

ABOUT BCDC

The award-winning San Francisco Bay Conservation and Development Commission is a small state agency located in San Francisco's Financial District close to public transportation.

BCDC has regulatory and planning authority over development in the San Francisco Bay and along the Bay's nine-county shoreline. BCDC is guided by the McAteer-Petris Act, the *San Francisco Bay Plan*, the Suisun Marsh Preservation Act, the federal Coastal Zone Management Act, and other applicable laws, special plans and regulations and policies adopted by the Commission.

As a result of a grassroots movement led by Save the Bay, the State Legislature created BCDC as a state agency in 1965 to plan for and manage growth in and along the San Francisco Bay shoreline. After a three-year planning study, the Commission adopted the *San Francisco Bay Plan*, which provides the blueprint for the conservation and development of the Bay. The State Legislature adopted the *San Francisco Bay Plan* and made BCDC a permanent state agency in 1969. In 1977, the Commission's authority was expanded to provide special protection of the Suisun Marsh.

BCDC continues to update its plans for the Bay and shoreline and managing development through permitting.

While BCDC focuses on protecting the Bay's resources and promoting its wise use, the Commission also addresses emerging issues including sea level rise through implementation of the Bay Plan's climate change policies, coordinating regional climate change initiatives; development of a sustainable communities strategy with the four regional agency partners of the Joint Policy Committee (JPC); improving access to the Bay for persons with disabilities; and addressing the impact of diversions of fresh water and sediment inflows from the Delta into the Bay.

BCDC's 40-member staff takes pride in its high level of professionalism and dedication. Our staff includes planners, analysts, engineers, attorneys, designers, and administrative and clerical support personnel.

JOB DESCRIPTION

EXECUTIVE DIRECTOR

San Francisco Bay Conservation and Development Commission

The Executive Director of the San Francisco Bay Conservation and Development Commission (BCDC) is appointed by, and serves at the pleasure of, the 27-member Commission pursuant to the McAteer-Petris Act, Government Code Section 66635.

The Executive Director administers the affairs of the Commission and the implementation of the *San Francisco Bay Plan*, the *Suisun Marsh Protection Plan*, the McAteer-Petris Act, the Suisun Marsh Preservation Act, the federal Coastal Zone Management Act, the regulations and policies adopted by the Commission, and other laws applicable to the Commission.

The Executive Director also collaborates with the Joint Policy Committee, other regional, state and federal agencies, local governments and the public to formulate a comprehensive regional adaptation strategy to protect developed shoreline areas and natural ecosystems in the Bay from the impacts of sea level rise and climate change.

The Executive Director inspires and provides visionary leadership for the evolving work of the Commission, manages the work of the Commission's staff, serves as the confidential advisor to the Commission, acts for the Commission when necessary, and supports the Commission's leadership role on complex regional issues as they arise.

General Responsibilities

- Provides strategic direction to the Commission in addressing emerging issues that may impact the Commission's interests and assists the Commission in developing policy direction to BCDC staff.
- Collaborates with a variety of stakeholders, including BCDC Commissioners, Commission staff, the Governor's office, and the state Legislature; local, regional, state and federal officials; and business, environmental and other interested organizations and the public.
- Represents the Commission at meetings, hearings and conferences with foreign, federal, state, regional and local government officials. Serves as the Commission's principal spokesperson with the state Legislature and the media.
- Directs staff in making recommendations to the Commission on major development permits and enforcement actions, and acts directly on certain regulatory matters that have been delegated by the Commission.
- Leads the Commission's planning program to ensure that an ongoing, detailed study of all characteristics of San Francisco Bay is undertaken and that the *San Francisco Bay Plan* reflects the best available and current authoritative information about the Bay.
- Directs Commission internal operations through executive and senior management teams and other subordinate managers and supervisors.
- Provides leadership on legal, fiscal, information technology and personnel matters for the Commission. Has overall responsibility for selection, termination, motivation, development and performance evaluation of Commission staff.
